

PERSONNEL COMMITTEE REPORT

September 2013

New Hires

The City welcomed three new Operators to the Wastewater Treatment Utility in September.

- Hans Duong joined the Utility on September 13. Hans has completed three years of study in Aerospace Engineering at Purdue University.
- Matthew Hallas joined the Utility on September 25. In 2009, Matt obtained his Associate of Applied Science Degree in Design Technology from Ivy Tech Community College. Matt brings a technical capacity to the position having been a former BIM Designer with CG Visions, Inc.
- Danny Phillips II also joined the Utility on September 25. Danny acquired excellent skills and certifications in the automotive field as well as a wide range of maintenance and repair skills obtained at United States Steel Corporation.

Shari Zimpleman joined the Engineering Department as Part-Time Office Assistant on September 4. Shari has an Accounting Degree from Harrison College as well as an extensive administrative background.
